

Every restaurant has a story to tell.
Every surface in your restaurant is an
empty canvas which can tell that story.

Chilewich OnEdge™.

HOSPITALITY 2017

OnEdge™ IS A DESIGN BREAKTHROUGH IN How to Set a Table.

Created by Sandy Chilewich in 2016, OnEdge™ is radical yet simple... The edge of any surface becomes the starting point for reimagining your table or your bar.

The Chilewich versatile oval shape as seen on the bar at left, is stocked in 5 colorways and can be used on any straight edge surface.

Opposite: Stock-sized OnEdge in assorted Mini Basketweaves.

PRODUCT SPECIFICATIONS AND COMPANY INFORMATION

All of the products in this catalog are made in the USA (with the exception of Dahlia, Drift, Pebble, Petal, Scribble, Linen Napkins and Napkin Rings).

MAINTENANCE INSTRUCTIONS

Placemats and Runners

Be sure to store Chilewich placemats flat. Do not fold or allow to crease. Chilewich placemats and runners are easily cleaned by wiping with soap and water or standard tabletop antibacterial cleanser. A high temperature sanitizer can be used up to once a week. We do not recommend running placemats or runners through a dishwasher. Do not iron or dry with a heated dryer. Lighter colors may be more susceptible to staining agents such as tomato, chili and certain spices. Please consider this when making your selection. Wash such stains immediately to avoid permanent damage or discoloration. Should a stubborn stain occur, woven vinyl is very durable and can withstand aggressive scrubbing with a soft bristle brush and a bleach-based cleaner. This will remove the stain without altering the fabric.

PLEASE NOTE: Tuxedo Stripe and Stitch are more delicate weaves that should not be aggressively scrubbed.

SPECIAL CARE INSTRUCTIONS: Dahlia (Placemats and Coasters), Drift, Pebble, Petal and Scribble should only be cleaned with warm water, mild soap and a clean soft sponge or cloth. Do not aggressively scrub. Rinse well and air dry. DO NOT USE CLEANING PRODUCTS THAT CONTAIN BLEACH, AMMONIA, OR HOUSEHOLD ALCOHOL. To sanitize: wipe with white vinegar and a clean soft sponge or clean cloth.

100% Linen Napkins

Machine wash warm (40°C or 100°F). Non-chlorine bleach only. Dry flat. Do not tumble dry. Warm iron (110°C or 230°F).

Ironing should be done on slightly damp napkins for best results.

Complete care and maintenance instructions can be found and downloaded at: maintenance.chilewich.com

TerraStrand

- TerraStrand, the proprietary name of our yarn, is 100% phthalate-free.
- TerraStrand contains 25% renewable vegetable content.
- TerraStrand is now used in over 90% of our woven products.
- Every square yard of TerraStrand saves 0.02 gallons of petroleum and 0.41 pounds of CO₂ as compared to conventional woven vinyls.

Chilewich has made a significant environmental development by replacing the petroleum-based plasticizers in our yarns with phthalate-free, renewable vegetable compounds. Plasticizers have traditionally been made from petroleum-based compounds that are used to make PVC yarns soft. No more. We call these innovative yarns and the fabrics made from them TerraStrand. Almost all of our woven products are now made from TerraStrand.

PROTECTING ORIGINAL DESIGN ACROSS NORTH AMERICA.

Chilewich is pleased to announce our participation in **Be Original Americas** - an association of like-minded brands, consumers, design professionals, educators, and institutions who recognize the importance of original design and are committed to the protection of its consumers and authors.

At Chilewich, we are passionate about offering something new; whether it's a new application, a new process, repurposing a technique or a new juxtaposition of textures and colors.

Sandy started the brand in 2000 and each year her collection grows through her tireless experimentation and passion for different manufacturing techniques. She is continually exploring for new materials that stretch the boundaries while combining beauty and functionality.

Chilewich prides itself on cutting-edge design. We specialize in the manufacture of woven textile products made with vinyl for both residential and commercial use. Vinyl is extremely durable, easy to maintain and provides us with endless design possibilities.

Unlike many other tabletop products, Chilewich textiles can be easily washed with just water and bio-degradable detergents, helping the user reduce energy and laundering costs while maintaining a unique and elegant aesthetic.

HEALTH PRODUCT DECLARATION® VERIFIED:

Increased transparency through accurate and consistent disclosure of product content and its associated health information.

Our woven vinyl products also contain Microban® antimicrobial protection. This is particularly beneficial for the home and hospitality markets. Microban® works continuously for the lifetime of the product to inhibit the growth of stain and odor-causing bacteria, mold and mildew. Chilewich fabrics are covered by the GreenGuard® program certified by the GREENGUARD Environmental Institute, which protects human health and quality of life through the reduction of chemical exposure and improved indoor air quality.

100% of our woven textile placemats and all floor mats are made in the USA, and finished in our own facility in the USA. Our quality, sustainability and of course original design, set us apart from all others.

The Chilewich® Collection is made in the USA with the following exceptions; Linen Napkins made in China. Dahlia, Pebble, Petal, Drift and Scribble made in Taiwan. Napkin Rings assembled in China.
